Ye Old Time Concert and Dance

The old time contest which was given in Campbell's Hall last Friday evening by the Women's Institute was in the opinion of all present one of the best entertainments of its kind that has ever been held in Champion. The hall was tastefully decorated to suit the occasion and the "Old Time" styles worn by the men and women were most appropriate in fact some of the men were so well camouflaged that a number of the audience were busy for quite a long while taxing their powers of discernment to discover who they were and one person was heard to remark that she thought Mr. looked very much like a Jewish robber and that others had the appearance of Bolsheviks.

All the musical numbers on the programme were exceptionally well rendered especially the anvil chorus and the whole of the evening including the concert and dance reflects great credit upon the untiring zeal and undaunted enthusiasm of Mrs. W. K. Anderson and her loyal band of workers.

Because of what the Institute is endeavoring to do in our community, namely "Make it a Worth While Community," it deserves the hearty support of all the men and women in our district and it is hoped by all those who attended the old time concert that a similar event will be repeated in the near future.

THE PROGRAMME

Opening Chorus... And Lang Snee Solo
All the musical numbers on the programme were exceptionally well rendered especially the anvil chorus and the whole of the evening including the concert and dance reflects great credit upon the untiring zeal and undaunted enthusiasm of Mrs. W. K. Anderson and her loyal band of workers.
Because of what the Institute is endeavoring to do in our community, namely "Make it a Worth While Community," it deserves the hearty support of all the men and women in our district and it is hoped by all those who attended the old time concert that a similar event will be repeated in the near future.

Quintette... Sweet and Low
Medians Roberts and Hyndman.
Mezars. Moffatt and Meyer.
Full Chorus in Union... Anvil Chorus
Chorus... Little Bo-Pee-Boe
Mezars. F. Sissons and F.R. Freese.
Mezars. Steel and Hyndman.
Chorus... Swanee River
"God Save the King"

OBITUARY

The death occurred on Tuesday, Jan. 24th, of Myram Standish, in his 35th year. The deceased had been practically confined to the house since last harvest, and his demise was not altogether unexpected. He leaves a wife and five young children to mourn his loss; two brothers, Guy of Champion, and Fred of St. Paul, one sister and his mother residing in St. Paul and a married sister, of Portland Oregon. The deceased has resided here about three years, coming here from Montana.

The funeral took place on Friday, Rev. J. W. Oliver officiating. All the members of the family were present.

Curling Going Fast and Furious

Two Carmangay rinks skipped B. Snyder and McKinnion defeated the local rinks here on Saturday night by 4 points on the aggregate score. Hoskins defeated McKibbin by a substantial score but Snyder had the best of G. A. Orr by the additional points which decided the location of the cup. On Tuesday Vulcan retrieved the cup from Carmangay by 11 points, so the McNaughton Cup is again at its original home.

The Champion rink which attended the Calgary bonspiel did not bring home any jewelry, much to general regret, to judge by the countenances.

Hoskins and George Orr are the contenders for the consolation in the local bonspiel event, while Watson and Hummel are in the finals of the first stage of the event. A. W. Jopling and J. Collins are in the finals of the single competition. The concluding games in these events will furnish a treat for spectators.

Donald Patterson, a brother of P. M. Patterson, was one of the invited guests to the meeting of the Cleverville Pioneers Club, and in expressing his regrets at being unable to attend, requested Mr. Mark to assure all his Champion acquaintances of a hearty welcome at Grande Prairie, should they visit that point.

Mr. and Mrs. J. N. Beauvoir entertained on Tuesday and Thursday of last week, a large number of friends enjoying their hospitality on the two occasions. Needless to say both evenings were thoroughly enjoyable.

We are prepared to give you a special price on any of these cold weather requirements:

**Tank Heaters Foot Warmers
Heating Stoves Ranges
Car Hood Covers for all makes**

**Curling Brooms
With a Guarantee on every one.**

A Winter's Trapping

MY FIRST SILVER FOX

By O-G-E-MAS-ES (Little Clerk).

(Copyrighted)

(Continued)

Skin currency, or made beaver currency, which was the Hudson's Bay Co. term, was invented by the company for the convenience of trading with the Indians. A prime beaver was the standard, and rated as one. Then ten muskrats were one skin, a red fox skin, a cross fox from two to five skins or more, a bear from five to ten skins and so on. Then all articles in the trading store were priced in skins, always bearing in mind one of the strict rules of the Company, that essential articles such as blankets, ammunition, clothing, etc., were moderate in price, while deer, fancy shawls and beads, colored silks, were high in price. Generally when an unsophisticated Indian came in with furs, these were counted and valued by the clerk. We will say they came to forty skins, then forty goose-quills were handed the Indian. He would think some time, then divide the number of quills by five quills (representing five skins) for a blanket, four for ammunition, and so on. If you hurried him probably a little business would be done over again, as some important items would have been forgotten. So much for the skin way of trading, very dear to the hearts of older Indians, for it was an invaluable relic, that both before and after trading a quantity, goods, such as tobacco, were handed to him. With the introduction of the present currency system, or money way as it is styled in the north, all gradually came out and the Indians regarded this extremely.

To return to fox trapping. I had told the story in full of my successful capture of a silver fox in many a camp, and on describing the small and well shaped tracks I had noticed, this the Indians said was characteristic of the better bred fox. That is, the cross, silver or black, while the ordinary red fox had a larger, bushier foot; also I was told silver foxes were generally found in pairs, so I was naturally very keen to catch another. I had chosen my trapping grounds so as not to interfere with anyone, and except in one instance, which I am going to relate, never tracked a man all winter.

I had several fox traps set at the mouth of the Sturgeon River where it ran into a marshy lake, some nine miles from the post, and on going down to set these with my dog train, found one trap gone exactly one day before, as I circled a number of times before I could pick up the cap. I tied my dogs up, took off my capot, scrambled down for a head lamp, and shoe strap as the snow was quite deep, and held up by tangled grass and brush. Following the track I found about 100 feet away, and five days old, it had come to Mr. Fox's first camp, a nice circular bed in the grass, with four rabbit feet in it, evidently trap and all on foot, Reynard had not started. On carefully examining his bed I detected several long black hairs, as you may imagine, my footprints and on I went at a hard pace for the

thought of another silver fox was too good to be true.

I passed four more of his camps in several of which were more rabbit tracks than fox, but at each night of my foot wearily dragging the heavy trap, and eventually about played out, as his tongue was out, and no doubt he knew he was hunted. To my amazement and disgust he was as free as a big dog fox, just worth one skin, and after tapping him on the head and looking him over, I again tied his tail was full of black hairs. Well I was very hungry, soaked with sweat and generally mad at the result, but I had to find my dogs and get dinner as soon as possible. Fortunately I found we had been travelling in a circle, so in a short time I reached my sleigh and was looking for a place to hold my kettle, when I caught sight of a snake, very faint, some half a mile to the north. "Bang my dogs," I made for it and it approached the spot very cautiously, until an Indian boiling his kettle, while I held the head of my silver fox. I at once told him he had stolen it, for the villain had set a trap within a few yards of one of mine. He could not know it was a fox, but in a cringing tone he said, "Oh, you can take it, but what will the Big Boss say, as I was in debt to the company, as I was in quantity, for as a rule clerks are not supposed to trap furs, and after some consideration I threw the fox at him and with all the bad Indian terms I had acquired, abused him, his ancestors and posterity to the third and fourth generation, until he fairly covered in snow, holding his dirty hand to his ears. As for civilization, he was a Christianized Indian from Cumberland House, and he said that Reynard would never have done it. Well, it had been a poor day and I was too angry to wait for dinner, so home I went, with my silver fox, turned to a dog, the mate of my fine fox, golden, no dinner, etc. Finally spring came and I made a glorious beaver hunt, which I have described in another article. My total for hunt for the winter ran like this—

16 Beaver	16
5 Martens at 2	10
3 Lynx at 2	6
1 Wolverine	1
12 Muskrat	12
7 Ermines	1
1 Silver Fox	40
1 Cross Fox	3
4 Red All at 2	8
1 Skunk at 15	1

Not so bad for a greenhorn, was it? These even sold as they all were at trade prices, and my supply of furs was, and I was able that day to pay my princely salary of \$25 per annum.

May Go To People

Old Country Signs Point to Election Within a Short Time.

London.—Political gossip makes strong play with evidence from official quarters of a general election during the approaching session.

The Government has already ordered drastic revisions of the finance estimates with a view to presenting a popular election budget. Great credit is being taken by the opposition as it is desirable at all party headquarters.

Swiss Reject Soviet Alliance

Berne, Switzerland.—An adhesion to the third Moscow International has been rejected by the Swiss. Socialists in a referendum, the results of which became known recently. A majority of 16,000 against the proposition was polled.

Request Is Granted

British Will Send Guns to U. S. For Old Fort Plymouth.

Tempe, Fla.—Sigsbee M. Joyce, a past commander of the Ancient and Honorable Artillery Company of Massachusetts, and chairman of the committee charged with raising the old fort at Plymouth, announced here receipt of a cable from the Earl of Darnley of the Honorable Artillery Company of London, stating that the Massachusetts Company's request for some artillery pieces of the same period as the old fort, the early part of the seventeenth century, has been granted by the British Government. Two bronze contemporary specimens of Mifflin and Sack's have been found at the artillery camp at Weymouth Arsenal, the cablegram stated, and will be sent to Plymouth.

Manitoba Telephone Deficit

Attorney-General Says Increase in Wages and Material Caused a \$390,000 Loss.

Winnipeg.—Increase in wages and material since the outbreak of the war has been greatly responsible for the deficit in operation of the Manitoba Government telephones during 1920. Hon. T. H. Johnson, attorney-general and minister of the interior, said that since 1914 material has increased 160 per cent. Mr. Johnson said that the expectation is that the installation of the automatic system will serve to decrease operating costs. Information obtained at the Parliament Building that the deficit of \$390,000 through 1920 operating expenses will be met by surplus of other years and by the depreciation fund.

New Quebec Liquor Act

Communion of Three Members Will Handle Entire Liquor Business For Province.

Quebec.—Hon. Charles Taché, outlined the proposed new legislation in regard to the sale of liquor in the province of Quebec at a caucus of Government supporters. He announced that a commission of three members will be appointed by an order-in-council to handle the whole liquor business in Quebec. Mr. Taché said that the head office will be in Montreal.

Mr. Taché said that liquor will be sold retail at Government depots, but only one bottle at a time, with certain provisions governing the price. In the city of Montreal there will be one depot for every 50,000 inhabitants, while in Quebec there will be one for every 40,000.

In the depot which will be sold by the bottle and in hotels having more than 100 bedrooms, the sale of liquor will be at 6 a.m. and 9 p.m. Certain permits may be obtained for extra large hotels in the case of banquets.

Big Plane At Edmonton

Will Be Seen Days Yet Before the Airplanes Will Be Ready to Leave for the North.

Edmonton.—Traveling from Saskatchewan to Edmonton, the first of the new planes an hour with Captain George Gorman, of Edmonton, in charge, the Imperial Oil plane of Montreal, plane left reached city. It was a great trip, said Captain Gorman, as he stepped out of the cabin. "In fact one of our best I have ever had."

His four companions are Major T. Breacher, captain of the Dominion Air Force; S. S. Myers, factory pilot; Ernest Bick, factory mechanic from the J. L. A. Aircraft, and Peter Derbysdale, of Edmonton, mechanic.

Mr. T. Taylor, local manager for the Imperial Oil Company, says it will be some days yet before the airplanes will be ready to leave for the north. He is delighted with their showing and believes they will be of great use in northern flight during the next few months.

Gild From a Silver Mine

Prince Rupert, B.C.—The management of the Premier Mine, at Street, B.C., reported a strike of gold ore in a silver vein assaying from \$5 to \$10 a pound. It is thought the discovery is simply a pocket. The Premier Mine has a reputation for being the richest silver mines in the world, and is valued at over \$2,000,000.

The Cause of Hiccough Epidemic

London.—Excessive smoking and drinking bad whiskey are responsible for the epidemic of hiccoughing, according to London physicians. The doctors point out that while the disease continues to spread to all parts of Europe among the men, the women are exempt.

Germany Must Be Made To Pay To Her Utmost Capacity

Russia In Grip Of Terror

Dreadful Conditions Under Bolsheviks Described by General Percy.

Toronto.—Major-General Sir Jocelyn Percy, who headed the British mission to South Russia in 1919, addressing the Empire Club here, said the Russians, if left to themselves would go from revolution to revolution and ultimate self-destruction. "Bolshevism might go over to the Germans, who can't go on. It is no sort of Government. It can't be permanent, and is bound to break eventually." When the Russian Revolution broke out, he said, it was a strong guiding hand and they would like this hand to be British. He expressed a fear that the Russians might go over to the Germans, who could repay their cost of the war out of Russia.

Russia today is in the grip of terror," Sir Jocelyn said. "No one knows when he goes to bed at night if he will live through the coming day. I have seen a hundred men developed by Bolshevism to its last extreme."

The Bolshevik leaders were all Jews, once German-Jews, Sir Jocelyn said. "I have known officers to come out of their rooms and shoot themselves through their horrid of living. I have seen a hundred men developed by Bolshevism to its last extreme."

Sir Jocelyn paid a glowing tribute to the humanity of the British troops in Russia.

Believes in Blood Diet

More Nourishing Than Meat and Cattle Herd Will Increase, Says Doublough.

Calgary.—If proposals made by Peter Veregin, head of the Doublough movement, are adopted, as he hopes they will be, the eating of meat in the civilized world will be entirely done away with, and a diet of increased blood drawn from live cattle, will take its place. Mr. Veregin has made repeated tests and is convinced that the form of substance that he proposed will be far more beneficial to the human race than meat can be, and further that his world's supply of cattle will be replenished in a very short space of time.

Mr. Veregin was in Calgary recently in the course of a trip from the north to the south, B.C., to look up his people in Alberta and Saskatchewan.

Milk For School Children

Calgary.—That milk should be supplied to school children who were forced to bring their lunches to school, was strongly favored at a meeting of the health committee of the school board, and will come up before the latter body for settlement later.

In Aid Of Workless

Toronto.—The problem of paying rates, where people are about to be turned out on the streets, added to the cost of feeding single men and families, has now assumed a proportion that the average citizen scarcely realizes. Toronto is spending at least \$100,000 a week for relief of the unemployed.

Will Oppose McPherson

Winnipeg.—Hon. C. D. McPherson, newly appointed Minister of Public Works for Manitoba, will be opposed by the Independent Farmers' party when he seeks re-election in Lakehead constituency. At a convention in Winnipeg the Independent Farmers' party, headed by H. M. McPherson, defeated the last general election, to contest the seat on their behalf. Mr. McPherson was elected in Lakehead last year by a majority of 30 over Mr. Muir.

De Valera Story Denied

Philadelphia.—The report that Eamon De Valera was a member of the crew of the Southwestern Miller on his return to Ireland was denied by the Irish and Canadian parties for the vessel. Every man was known personally by the shipping agents it maintained.

Farmers Organize

Charlottetown, P.E.I.—At the annual meeting of the United Farmers of Prince Edward Island held here it was reported that 16 local branches have been organized. There are about 200 members. Organization work will be vigorously extended.

Paris—The question of German reparations is again in the hands of a committee of experts.

Lloyd George took up the whole question of reparations at the opening of the session. "He declared there was no difference of opinion regarding the merit of the problem, nor reparations," he asserted, "in order to assure this, the allies must stand together. It is useless to try to get more than Germany can pay for her interests, contrary to the opinion sometimes expressed, are identical with the interests of the allies. It is to Great Britain's interests as well as to the interests of Belgium and France that Germany pay to the best advantage. But the question is how to get it."

"Germany could easily pay inside the limits of her own territory, but cannot export her forests, nor her railways. If the allies took possession of her railways and doubled the passenger and freight rates, they would be paid only in paper money that would become worthless as the frontier."

"It is generally recognized that France had sustained the greatest human loss and endured the greatest suffering," said Lloyd George, "but the other hand, Germany has been obliged to wage war abroad, had been forced to incur the greatest financial expenditure. Her naval effort had cost ten billions of pounds."

"Germany," he continued, "can pay only in exports. If she exported too much to the allies, she would ruin allied industries. If she exported too much to the neutrals, it would mean the loss to the allies of the neutral markets. Consequently the question of effectively securing payment of reparations must be taken up with due account for these facts."

The British premier insisted upon the necessity of progress at the present time. "The French have accomplished if the French would accept the 'Rechnung' suggestion as a basis of discussion, that is to say, the renunciation of Germany's fantastic budget, and the imposition upon her people of taxes as heavy as those paid by allied people. Germany must make her people conscious as the allies have done; the total of the debt must be fixed and the mode of payment decided."

Then at a meeting similar to that at Spa, the allies should meet Germany and finally discuss the settlement.

Premier Briand asserted that France was not asking for the impossible. French public opinion was ready to accept what might reasonably be collected, but would not accept a one-sided theory that Germany's armaments and industry "Why not fix it now and then examine Germany's capacity to pay and consider the matter at another conference?"

Lloyd George insisted it was essential that something be done now for neither the allies nor the world generally could wait further delay. It was then that the decision was taken to appoint a committee to examine and report back to the council.

Want Returned Men

Ottawa.—The G.W.A. are urging the Prime Minister to fill the vacancy on the Board of Railway Commissioners by the appointment of a returned soldier.

Constantinople To Be Controlled By Allies

Failure of the Turks to Ratify the Peace Treaty Leads to Occupation.

Constantinople.—The Turkish cabinet has accepted the allied stipulations in regard to the control of the Bosphorus and thereby 1,200,000 Turkish pounds have become available to the Government which will be immediately applied to officials' salaries. Recent Constantinople dispatches announced that, with the exception of the Sultan, none of the Turkish officials had received salaries for the past four months, all the entire revenue being in the hands of the allies.

Constantinople will become virtually an allied city, February 1, when the French will move into Itrera and the Italian into the city. This move primarily is in pure sense of orders given the Turkish Government recently by the allies that, with the exception of the occupation of Constantinople was imminent to guard against threatened disorders, owing to Nationalists and Bolsheviks in the capital, and the failure of the Turks to ratify the peace treaty.

THURSDAY, Feb. 3, 1920.

The Farmer's Problem

Among the many suggestions made in the recent farmers' convention at Brandon one of the most pertinent would seem to be that holdings should be smaller. The inflation in prices produced by the war and the urging by the government of greater production led to the extension of farming operations to a point where under present conditions the estimate is bound to follow a continuance of a system of farming which relies on acreage instead of special cultivation for results. In our own locality the desire to sow the last possible acre, assuming that another extra seed year was bound most pertinent to a situation where the average sown is bound to be much smaller than in past years as the most optimistic of the sowers would hardly repeat the experiment of stubbling in crop as was done in 1919. The result will be an extended area of summerfallow, and in many instances individuals undertook more summerfallowing this year than the force at their disposition would justify, leaving many acres that will do more in the way of propagating weeds than in producing wheat. There is no particular objection to the farming of large acreages if the force available will permit of the land being thoroughly cultivated, and kept free from weeds, and it is the failures in this respect that emphasize the suggestion that present holdings are large. If the average of the half-farmed was confined to the premises of the half-farmer, the situation would not be nearly so serious but a poorly farmed section is a menace to every other farmer for miles in every direction.

The movement against section weeds is going to involve a great many in serious difficulties unless there is an effort made to curtail farming operations to an area equivalent to the force available for cultivation, and it is in this connection that the advice given the Brandon farmers is specially applicable. To sow large acreages only to be forced to plow the crop under would be the last straw. Now is the time to make arrangements to avoid such a contingency.

No Favorites in This Game

The increase in the price of farm implements under present conditions should in the end result disastrously for the implement farmer. The idea that certain industries can escape all effects of the depression following the inflation of the past few years has been fostered up to date by the success achieved by some corporations notably the railroads, in passing the burden on to others. Ultimately, however, the load will come back home to roost as it has with so many other industries, and it may be taken as assumed that farm implements, lumber and other farm essentials must fall to reasonable price levels if their purchase and use is to continue. It is all right to attribute the present stagnation to a buyers' strike, but in many instances this is caused by a certainty that there is no possibility of utilizing the material or articles to any advantage unless they can be secured at a price proportionate to what their use will produce again. Bankrupt farmers would be of as little use to implement firms as to anyone else.

If the present winter is a fair average of the Alberta product it is hard to imagine why anyone should go to the coast or any place else in search of a better climate. Northern countries have always produced the hardest people, and if one is to have

The Horse Still Thrives

Motor power has largely invaded the province of the horse, but the animal still lives and thrives and still has its widespread usefulness. The great war had no devastating influence on the horse and also developed the value of machinery in its place. But experience has proven that there are still many uses to which the horse can be better applied than motor or steam power. When trains came in the horse was to disappear. When the trolley was adapted to public service a crippling blow was dealt the horse. When the bicycle became a furore the horse became an object of scorn. When the automobile and, later, the tractor appeared the horse was to vanish, but he maintained his ground. His numbers are not decreasing to any notable extent while his quality has ever an upward trend. Breeding stations are being established and every effort is being made to maintain breed type. Saskatchewan's success in winning championships at the recent International Stock Show in Chicago is an evidence of the market success that has been met with in Canada. But the West is not alone in the march of horse improvement and development. Than the French Canadian horse there is probably no breed that is more hardy or agriculturally useful. The French-Canadian Horse Breeding Association has long been in affiliation for record purposes with the National Live Stock Record Board at Ottawa, and in the last two years that Association has turned over to the Dominion Department of Agriculture for twenty years a farm of five hundred acres at St. Joachim, Que. to be mainly used for the breeding of its particular type of horse. There are at present 67 French-Canadian horses on the farm, all registered. Entries were made at some of the more prominent fair fairs in Quebec and in each instance first prizes and championships were won. The December number of the Agricultural Gazette of Canada gives full details of the work that is being done at the recently acquired French-Canadian horse breeding farm.

Local & General

Women's Institute Dance—Feb. 14—Campbell's hall.

Mr. and Mrs. G. Hyndman were at Lethbridge on Tuesday.

Born—On Monday, January 24th, to Mr. and Mrs. H. C. Sweet, a daughter.

Have you one of our calendars? If not, call at the office and we will be pleased to give you one—Watson and Co.

Mr. H. and Misses C. and J. Zettel, of Lethbridge, were visitors of L. B. Ohlheimer, of the Fireguard district, last week.

J. O. Reid is shipping a car of cattle to Calgary on Monday. Calgary prices are at present better than Chicago or Toronto for both cattle and hogs.

Last Monday evening there was a party held at Mr. John Daub's. All present enjoyed themselves splendidly. Whoope John will not forget that the young folks are always ready for another dance.

On Tuesday evening the Union Sunday School officials were entertained by Mrs. G. Lobban. The teachers were conveyed from the church to Mrs. Lobban's home in Mr. W. Ulrich's sleigh and a most enjoyable evening was spent by all present.

The Box Social to be held in the Alston schoolhouse on Friday, February 18th, promises to be one the most popular events of the season. The proceeds of the social will go to the baseball team as provision for the ensuing season. Ladies are requested to bring boxes and gentlemen a good appetite, and a disposition to bid freely. The U. F. A. Local are sponsoring the event.

Fireguard News.

Parties are the order of the day in our district. Ray Warren entertained some bachelor friends on Friday last. Dame rumor tells us that he is not likely to be entertaining bachelors very long.

Mrs. Voisey entertained on Saturday evening in honor of her guests, Miss McLane and Mrs. Johnson of Barons.

A great many of our young people took in the U. F. A. box social and dance at the Alston school last Friday evening and report a splendid time.

Don't forget the G. R. W. I. cafeteria supper and dance at the Alston school Friday evening Feb. 4th.

Mr. and Mrs. C. Howes of Alston spent Wednesday last with Mr. and Mrs. J. Pollar.

The new board of trustees of Fireguard School District met at the school on Tuesday last and re-engaged H. Cooper of Champion as Secretary Treasurer.

Hard Times Dance.

On the 28th of Jan. at the Bow Valley schoolhouse about nine miles south west of Champion, was held what they call the hard time dance which was well attended with about 75 couple which filled the little old schoolhouse to its full capacity which made the evening costumes of the hard time dances show up their best ability. Surely hard times would be the least of one's thought while watching the merry makers walk on one another's feet in the crowded dance hall.

The sleighing being good, Champion, Carmanagay, Staveland and Vulcan districts were well represented. Good music and also good supper were enjoyed by all.

Champion School Report

The pupils of Champion Consolidated School who stood first, second and third in their respective classes during the month of January, 1921, were as follows:

Grade X.—1st, May Ulrich; 2nd, Florence Woodhall; 3rd, Nettie Lobban; 4th, Bessie Brown; 5th, Corinne Schultz; 6th, Martha Schultz; 7th, Edith Rhodes.

Average marks of pupils in above two grades follow the names.

Grade VIII.—1st, Fern Bond; 2nd, Rosemary McArthur; 3rd, Roy Maynard.

Grade VII.—1st, Rachel Smith; 2nd, Ella Stephenson; 3rd, Beatrice Scott; 4th, Clara Vance; 5th, Ida Stoddard; 6th, Lora Schroeder.

Grade VI.—1st, Beatrice Schultz; 2nd, Florence Ulrich; 3rd, Edith Rhodes.

Grade IV.—1st, Joe Pizzi; 2nd, Fred Pussey; 3rd, Donald Bond.

Grade III.—1st, Ethel McLaughlin; 2nd, Esther Schroeder; 3rd, Sarah Fleming.

Grade II.—1st, Donald Stephenson; 2nd, Maxine Fisher; 3rd, Mildred Boner.

Grade I.—1st, Beulah Fry; 2nd, Eugene Schultz; 3rd, Ruby Alder.

Enrollment for month 109. Average attendance 100.69.

Eastern Star Presentations

A pleasing feature of the Eastern Star meeting Tuesday evening was the presentation to Mrs. Ella L. Baumbach of a very beautiful Past Worthy Matron's jewel. In a brief address Mrs. Blachley spoke of her faithfulness to the Chapter and the esteem which the officers and members felt toward her. She was also made the recipient of Past Worthy Matron's certificate, while Mr. G. A. Orr received the Past Worthy Patron's certificate.

Electors Annual Meeting.

The annual meeting of the electors of the Municipal District of Harmony will be held in Campbell's Hall on Monday, Feb. 21st, commencing at one o'clock. Nominations for the councillors to be elected will be taken from three until four o'clock. As many interesting items will likely be discussed a large attendance is anticipated.

Miss Weir spent several days in Mucedon this week.

Mrs. R. S. Bond, who has been seriously ill for some weeks past, is recovering although still confined to the house.

Mr. and Mrs. Lee Groves entertained a number of friends from town and vicinity on Wednesday night.

Mrs. J. M. Moffatt and Mrs. H. J. Meyer entertained the Ladies' Aid at the home of the former on Thursday.

Barney Hummel and S. Berg have been at Lethbridge this week attending the Blacksmiths' Convention being held there.

By request Mr. Mark is arranging a programme for the U. F. A. entertainment and dance along similar lines to that used by the Cleverville Club recently to such good effect. February 16th is the date chosen for the U.F.A. event.

Complaints are made that children in the sub-division take unusual risks in playing on the rail, practically ignoring approaching cars and the drivers fear that some of them will be injured unless some precautions are taken to prevent their recklessness.

Women's Institute.

The regular meeting of the W. I. will be next Tuesday Feb. 22nd in Campbell's Hall at 2.30. We hope to have the business completed by 3.30 and at this hour we will have a paper on "Child Welfare" also Mr. Oliver will be present with his lantern and we will have the pictures on this subject. Our programme will be complete for 1921 and ready for distribution and we hope for a large attendance of both old and new members. We are away to a good start this year having 54 members at present as yet we have not gotten up to the 100 but the year is young and if everyone has the interest of the community at heart and as this is the most democratic club known. This is your opportunity of demonstrating your interest. Come Tuesday and bring a friend.

We wish to thank everyone who helped us make our "Old Time" concert a success, the Beaver Lumber Co. for loaning us a platform, the girls for selling tickets, Mr. Oliver for doing our draying, to all the members who devoted their time to their costume and attending practices, also to Mr. M. Sisson our pianist for her faithfulness in attending the practice and skill in the accompaniment. The total proceeds were \$82.00.

Next week we hope to publish in the Chronicle our program for 1921 and hope in this to increase the interest in the W. I.

Everyone is asked to keep in mind the Valentine Dance on Feb. 14th in Campbell's Hall. Good music as usual. Mrs. Hummel is convenor.

Miss Nickawa Coming

The visit of Miss Nickawa, the Cree Indian, is eagerly looked forward to and an unusual treat will be in store for those who can be present. Miss Nickawa will be ably assisted by Mr. G. M. Baumbach, Mrs. A. S. Roberts and Mrs. Sisson, who will contribute the musical numbers. Part of Miss Nickawa's programme will be given in Indian costume and the admission will be adults, 75c; children, 50c. Campbell's Hall, Wednesday, Feb. 9th at 8 p.m.

A class of beginners commenced attendance in the primary department of the school on February 1st. Parents of children of too full age of six years are requested to have them commence attendance at once, as the next beginners' class will be accepted on September 1st, next.

McCullough Bros. have issued a telephone directory which will be appreciated by telephone users in the village and rural district. Call at the store and secure a copy of this very handy list.

Frank Johnson left for Brant on Thursday where he will open a blacksmith shop. Mrs. Johnson will follow in a few weeks.

Re Miss Nickawa

Calgary January 31st 1921
1106 fourteenth St. West

The Editor,
Champion Chronicle

Dear Sir:

In the issue of your paper of Jan. 27th 1921, I notice that you have prominently displayed a write up on Miss Frances Nickawa's coming appearance in Champion.

I would like to take this opportunity of congratulating the people and the Sunday School Board of management of the community church in Champion (through the columns of your paper) on having secured the services of Miss Nickawa. I had the pleasure of hearing her recently in Central Methodist Church Calgary and she filled that big edifice to capacity. Miss Nickawa is a full blooded Cree Indian girl and I do not believe that she has or will find her equal in the way she recites Longfellow's immortal poem, "Hiawatha." It is simply wonderful. I do not believe that I have ever heard a more able and entertaining eloquist than Miss Nickawa.

Her coming to Champion will, I feel certain be an event that will linger long in the minds and hearts of her hearers. Again may I repeat Champion is to be congratulated upon

NEW GOODS!

After a period of non-buying our Stock is at the very lowest ebb, and, as you are no doubt aware, goods have fallen in price. We are now in the market to take advantage of the great opportunities offered the Cash Buyer.

This week we are offering a \$1,500.00 shipment of new Shoes, direct from the manufacturer at our own price. These goods will be on display Monday, February 7th, at values you should see before buying elsewhere.

Also, have Second-Hand Drills, Plows, Packers, etc., of different makes. Come in and get my prices before buying elsewhere.

DAN R. ULRICH
JOHN DEERE AGENT.

The Reversible Bar Weeder.

The above illustrates the Reversible Bar Weeder, the invention of D. D. Imms. Some ten of these implements were manufactured by G. McQueen, of Vulcan, last year and in use demonstrated their value for use in cultivating summerfallow. Among those who used this implement last year were J. A. McKay and Guy Walker, of Reid Hill; Hanson Bros., Jas. Dow and Jas. Graham, of Vulcan, and all of these speak in the highest terms of the work done. Mr. Imms, the patentee has hopes of having the weeder manufactured in quantity in the near future, those in use having been all hand made.

Municipal District of Harmony No. 128

MEETING OF ELECTORS

TAKE NOTICE that a meeting of the electors of the Municipal District of Harmony, No. 128 will be held in Campbell's Hall, Champion, at one o'clock in the afternoon on Monday, Twenty-First day of February, 1921, for the discussion of the affairs of the district and the nomination of candidates for the office of councillors, and that the nominations will be taken there and then received between the hours of three and four o'clock in the afternoon.

PERCY WATSON,
Secretary-Treasurer.

having secured the services of such a brilliant and accomplished artist.

Wishing you and the people of Champion all success in the new year that is upon us.

I remain,
Yours Sincerely,
John L. Hodgson
Minister of Pardsle Church Calgary and late of Champion

CHURCH BULLETIN

Sabbath school and evening service as usual on Sunday. At the evening service the pastor will deal with the relation of the church to the community.

The regular fortnightly service will be held in the Blusson school on Sunday at 2.30 p.m.

On Friday afternoon at 4 p.m. the Camp Fire Girls will meet in the church and hold their regular meeting. At 7 o'clock all boys between 9 and 11 will meet in the church for organization and at eight o'clock the lantern entertainment will be held when ideas dealing with China will be shown.

A special meeting of boys between the age of 12 and 15 will be held in the church on Monday evening at 7.30. All boys eligible are urged to be present as the new officers for 1921 will be elected. After the election all boys will be indulged in a group game will be indulged in, so boys try and be present for the "big time" on Monday night.

Judicial Notice

To Mabel Kesil formerly of Champion Alberta.

TAKE NOTICE that an action Number 17983 has been commenced against you in the Supreme Court of Alberta, Judicial District of Calgary by your husband, Joseph Kesil of Champion, for dissolution of the marriage and for custody of the said child and the said Joseph Kesil on the ground of adultery.

AND FURTHER TAKE NOTICE that you may deliver to a statement of Defence or (b) a demand that notice of any application in the action be given to you on or before Friday the 25th day of February 1921 and in default of you so doing the Plaintiff may obtain judgment for dissolution of the said marriage without further notice to you.

DATED at Calgary, Alberta, this 12th day of January 1921.

A. G. A. CLOWES,
Clerk in Chambers.
